	304	Forest								Shortiron				Comment				
Club	310	Six Iron								312	Three Iron				When chipping, select lowest number of club that will get the ball to the green quickly.			
Grip	316	Regular								318	Reg. Shortened				Place hands on lower portion of the padded grip so as to shorten leverage of swing			
Stance	328	Normal								332	Narrowed				Since you don't need a powerful swing, you will get better control if you place your feet a little closer together			
		Slightly Open								322	Slightly Open							
Weight	330	Even								342	Slightly On Left				Putting a bit more weight on the left foot will help you hit down on ball
